

NO TRICKS, NO FUSS, NO MONEY!

Get your

FREE loft insulation and installation

before the government CERT scheme ends in December:
cut your carbon footprint, save money, get comfortable.

Contact local companies that we have tested:

Capital Energy Solutions

<http://www.capitalenergysolutions.co.uk/>
0800 028 9972

Climate Energy Solutions

<http://www.ce-solutions.org.uk/>
0800 980 4749

Or the Energy Saving Trust for free and impartial advice:

<http://www.energysavingtrust.org.uk/>
0800 512 012

Most houses with less than 6cm or 2" of loft insulation will be eligible to have the work done completely FREE, though if your loft is really full of junk, or if you would like other works done such as insulated boarding for storage, an installer may be able to do that for you for a fee.

If you are a tenant then you will need the landlord's permission.

A community effort to cut carbon, save money, and improve comfort in winter, in association with: Transition Town Kingston, One Norbiton, local councillors and others.

Please let us know if you go ahead so we can track savings!
Damon Hart-Davis loft2012@exnet.com 07966 442073
