

What Would *EFA* Do for Me?

The app that helps you to take control of green
energy

Environmentally Friendly Alternatives - visit efa-local-energy.com to learn more

Lower My Energy Bills

Join forces with neighbours to buy clean energy solutions (solar, batteries, insulation) at group rates.

Bulk buy discount!

Because installs are coordinated, costs go down and savings go up.

Batched for speed!

No huge upfront bill — you can spread the cost through your regular energy bill.

as-a-service!

Make My Home More Comfortable

Better insulation, modern heating, and smarter controls

Warmer in winter

- insulated from cold
- Heat from heat-pumps

Cooler in summer

- insulated from heat
- A/C (indirectly) from the sun

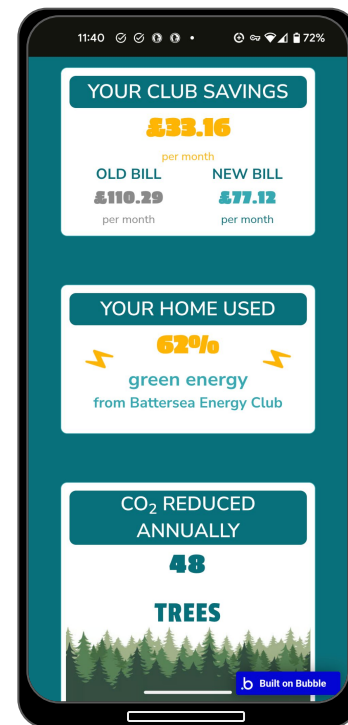

Less stress!

Put Me in Control

- Our app makes it easy to see your options, join or start an Energy Club, and track savings.
- Instead of waiting for “the system” to change, you and your community drive the change.
- You get transparency — you can see exactly what you’re paying for and saving.

Connect Me to My Community

- EFA turns neighbours into partners, building trust and cooperation.
- Joining an Energy Club means you're not left to figure things out alone.
- You share the benefits — stronger community, shared savings, collective impact.

EFA helps people to do something good.

- Cut your bills and carbon footprint.
- Make your community stronger.
- Feel proud of your impact.

**Environmentally
Friendly
Alternatives**

do something good.
